SDG 11.2 Support of Arts and Heritage

SDG 12 – Indicator 11.2.2 Public access to libraries

Provide public access to libraries including books and publications

Universitas Sriwijaya ensures public access to its libraries, providing a diverse collection of books and publications to support learning and research for the wider community. This initiative aligns with SDG 11 by promoting inclusive access to knowledge and fostering sustainable, informed communities.

Central Library of Universitas Sriwijaya

The Universitas Sriwijaya library is a resource center accessible to all members of the academic community. It serves as a hub for learning, research, and exploration, offering a wide range of services and collections designed to meet diverse academic and intellectual needs. The library provides various services, including circulation and reference support, access to an online repository for theses and dissertations, the Sampoerna Corner, and complimentary internet access to enhance the research experience.

The collection is equally comprehensive, encompassing both printed and digital materials. It ranges from fiction to scientific resources, e-journals, e-books, and daily publications like newspapers, as well as monthly magazines. These resources ensure that students and faculty have access to the latest knowledge and information in their fields of interest. By following the library's guidelines and regulations, users can maximize their access to resources, creating a supportive environment for knowledge sharing and academic development at Universitas Sriwijaya.

Central Library of Universitas Sriwijaya - Homepage

The Universitas Sriwijaya library plays a vital role in supporting Sustainable Development Goal (SDG) 11: Sustainable Cities and Communities by fostering access to knowledge and promoting sustainable education practices. Through its Online Public Access Catalog (OPAC), the library provides an efficient platform for users to search and access physical and digital resources, making academic materials more accessible to the entire university community. To ensure inclusivity and sustainability in education, the library offers access to an extensive range of e-journals and online databases from globally recognized publishers, including Oxford Academic, Taylor & Francis, ScienceDirect, Wiley, IEEE, Emerald Insight, Springer, and Elsevier. These resources enable students and researchers to engage with the latest advancements in science, technology, and social studies, aligning with the goal of building sustainable and informed communities. The library's online repository also contributes to SDG 11 by preserving the intellectual output of Universitas Sriwijaya through theses, dissertations, and other academic works. This repository not only supports the university's efforts in sustainable knowledge sharing but also facilitates research that can address urban challenges and promote resilience in communities.
