## SDG 11.2 Support of Arts and Heritage

### SDG 11 – Indicator 11.2.3 Public access to museums

#### Provide public access to museums, exhibition spaces or galleries, or works of art and artefacts

Universitas Sriwijaya is committed to offering public access to museums, galleries, and exhibitions showcasing works of art and artifacts. This effort aligns with SDG 11 by promoting cultural preservation, fostering inclusivity, and supporting sustainable communities through access to cultural heritage.

The gallery at \*Taman Pendidikan\*, located within the Faculty of Teacher Training and Education (FKIP) at Universitas Sriwijaya, invites visitors to explore the rich history and culture of Palembang and the ancient Sriwijaya Kingdom. Set within a space dedicated to the arts and cultural heritage, the gallery offers a glimpse into the city's transformation from a bustling trading hub to a center of cultural and educational significance. Exhibits highlight key moments in Palembang's history, showcase the economic power of the Sriwijaya Kingdom through its trade commodities, and feature photographs of historical landmarks that reflect the region's architectural evolution.

The gallery serves as an educational resource, providing students and visitors with an engaging way to learn about local history and culture through interactive displays and curated programs. It plays an important role in preserving and promoting the cultural heritage of South Sumatra, fostering collaboration between historians, educators, and the local community. By connecting the past to the present, the gallery also supports Sustainable Development Goal 11, emphasizing the importance of heritage in building sustainable and inclusive communities.
