SDG 1
No Poverty

1.3. University anti-poverty programmes

SDG 1 – Indicator 1.3.2. Bottom financial quintile student success

Universitas Sriwijaya is committed to ensuring equitable access to education and successful graduation for students from economically disadvantaged backgrounds, particularly those in the bottom 20% of the household income group. In order to meet this standard, the university has set up a comprehensive tracking and support process over the course of students' academic careers. Periodic monitoring with relevant institutions for progress and challenges mid-course corrections is done in time.

Universitas Sriwijaya also carefully tracks data of students about to graduate, so that those who we need to support in order for them to pass can be identified and assisted. Together, these initiatives demonstrate the university's commitment to Academic success for all students — whatever their starting point in terms of socioeconomic status, and a wider mission aiming to enhance social justice and equity within the education sector.
