SDG 1
No Poverty

1.3. University anti-poverty programmes

SDG 1 – Indicator 1.3.3. Low-income student support

In addition to scholarship schemes, Universitas Sriwijaya also provides support (e.g., food, housing, transportation, legal services) for students from low-income families to enable them to complete their studies. This support includes assistance in accessing affordable housing. Furthermore, as Universitas Sriwijaya operates two campuses, a shuttle bus service is provided at affordable prices, with some routes accessible free of charge. Access to nutritious and affordable meals is also facilitated to ensure students' well-being and academic success.

Additionally, health access is also provided to students through affordable and convenient schemes, and even free of charge by utilizing BPJS facilities in collaboration with the government. This health access is available and well-facilitated at both campuses, Palembang and Indralaya, offering comprehensive services supported by advanced medical equipment and professional healthcare providers.
