SDG 1
No Poverty

1.4. Community anti-poverty programmes

SDG 1 – Indicator 1.4.1. Local start-up assistance

Provide assistance in the local community supporting the start-up of financially and socially sustainable businesses through relevant education or resources (e.g. mentorship programmes, training workshops, access to university facilities). The assistance provided by Universitas Sriwijaya to local MSMEs or local community activities is carried out through the Community Service program. This program is implemented as one of the obligations of the lecturers. Among the many activities, many are also linked to poverty-related issues. These programs directly impact communities and both small and large groups. The programs include training and mentorship that are continuous and sustainable.

Paid

Because Universitas Sriwijaya is deeply concerned about poverty at both local and national levels, it is committed to providing free training on Local Start-Up Financial Assistance as part of its community service or training programs. In some training sessions, Universitas Sriwijaya, through its programs, faculty, or students, not only provides training but also offers direct assistance
