WELFRAGE ECO: Welfare For Village Educate, Converse, Optimize From SriwijayaWelfrage, to Everyone

WELFRAGE ECO: Welfare For Village Educate, Converse, Optimize has the theme "Reduce Waste, Create a Bright Future". This activity is a joint effort to increase public awareness of the importance of waste management and its impact on the future of our environment. This activity was held on Thursday, September 14 2024, at 14.00 WIB in Sungai Rasau Village, Pemulutan District, Ogan Ilir Regency, South Sumatra Province.

This activity collaborated with Youth Caring for a Beautiful and Clean Environment in South Sumatra (Pepelingasih), who were also present as speakers, namely, M Zacky Raimizard as Secretary of the Pepelingasih South Sumatra HR Development Div. and Kemas Muhammad Ilham M as Secretary of the Div. South Sumatra Pepelingasih Program and Development. This socialization includes material regarding "Eco-Enzyme Making Mechanisms", an education on the use of organic waste, where fermentation produces enzymes that are useful for various household and environmental needs. And what's interesting is that the presenters directly practice in front of the community.

The WELFRAGE ECO 3.0 program by IRRSA FISIP UNSRI, is one of the steps taken by IRSSA to realize one of the association's visions, namely acting real and in line with the vision of FISIP UNSRI, namely FISIP UNSRI, namely Greeting, Caring and Sharing. This activity implements cleanliness, shows concern for the environment and surrounding communities, and shares with the community both material and knowledge.
