SDG 4
Quality Education

4.3 Lifelong learning measures

SDG 4 – Indicator 4.3.2 Public Event (Lifelong learning)

Universitas Sriwijaya is consistently developing activities related to academic development aimed at both internal and external stakeholders of the university. This is intended to provide continually refreshed insights for the academic community at Universitas Sriwijaya and involve external stakeholders in education. Seminar activities, ranging from national to international seminars with various participants and speakers from both domestic and international backgrounds, are also one of the ways Universitas Sriwijaya stays connected with its stakeholders.
