Affordable and Clean Energy

7.2 University measures towards affordable and clean energy

SDG 7 – Indicator 7.2.3 Carbon reduction and emission reduction process

Sriwijaya University Chancellor Receives Audience from Sriwijaya Eco Team Discussing Energy Saving Cars and Electric Motorbikes

The Sriwijaya Eco Team held an audience with Sriwijaya University (Unsri) to discuss Energy Saving Cars and Electric Motorbikes. The team consisting of 20 students headed by Rizki Fadilah together with the Sriwijaya Eco Team Supervisor Lecturer Gunawan, S.T. M.T. Ph.D. This was received directly by the Chancellor of Unsri, Prof. Dr. Ir. H. Anis Saggaff, MSCE. IPU. MKU. ASEAN Eng.

The Sriwijaya Eco team explained their future plans to develop products from the event being held. The main focus of the Sriwijaya Eco Team is to conduct research on electric motorbikes that not only have superior performance but also attractive aesthetics and provide comfort to their users. In the initial stage, the team's commercial target was to submit an offer to the Unsri Campus staff to purchase the products they would produce. The development of energy-efficient cars and electric motorbikes will continue until 2024 and continues today
